### **Puppy dog**

1<sup>st</sup> Gaved. Traversains Ching Fu. Every once and a while when judging , if you are lucky, you come across a young raw pup who as soon as you put your hands on it you know it has something special, this seven month old male made me feel really excited, he has the most superb head and expression, correct pigment and good mouth, of ideal size with superb bone, strong legs and feet. When he wasn't playing his owner up you caught glimpses of the movement that is peculiar to Chows, just needs to come on steadily with his experienced owner. Wow I really loved him. The best of luck with him. I spoke to his owner after judging and we both decided where we would like to alter him, that's for me to know and other judges to find out. Best Puppy in Breed and BOB.
